

## ***Twitch DJs Guide for New and Current Members***

Welcome to Twitch DJs. This document will help you answer most of your questions about being a member. Please ask in the discord, general chat channel or admin if you need help or clarification.

Twitch DJs is a large community of DJs that runs raid trains on Twitch. Discord is used to coordinate the trains. You must be a member of the discord to participate. To make things easier, you might consider making your name in the Twitch DJs server the same as your Twitch DJ name. You can do this under your discord profile – server profile.

Twitch DJs also have an official Twitch team, ‘**TDJs**’, which you may be invited to after you have been with the community for some time and shown regular and consistent support of the community and trains.

### **FIRST JOINING THE SERVER**

When you first join you will be asked to agree to the rules in the #TRAIN RULES CHANNEL

<https://discord.com/channels/888075840804515850/931586045802315848>

The Rules are about basic train etiquette and keeping the trains running smoothly. The rules are below but you can always refer to the train rules channel as well. Agree by acknowledging with a 👍 emote. This then should open the Introduce Yourself channel. The Introduce Yourself channel is where you briefly introduce yourself and say what genres you want to play. See below for more information about channels/trains and genres. Admin then assigns you to channels/trains relevant to those genres. *Please note you can't usually join a train straight away.* Please read on for clarification on this.

### **RULES**

TWITCHDJS RULES - Please make sure you read and follow the rules!

- 1) Please start at *least 10 minutes* before your start time!
- 2) *Follower* only chat MUST BE OFF
- 3) *Subscriber* only chat MUST BE OFF
- 4) *Verified* only accounts MUST BE OFF

5) *Emote* only chat MUST BE OFF

6) *No starting screens* - have set up ready before raid comes through

7) Please make sure to have the TWITCHDJS specific train LOGO on display for our events

8) Please make sure to have your stream title set as a TWITCHDJS EVENT

9) Please try to raid out on time!

10) DO NOT advertise any other raid trains while on a TWITCHDJS train! The only exception is if the raid train is another TWITCHDJS event!

11) DJs are not to book slots for 1 hour for other events on either side of our event. All this does is create big problems for both events if anything goes wrong

12) Joining this server and/or participating in any Twitch DJs events does not influence, protect, or make any representation around your obligations and responsibilities to stream DJ sets on Twitch (whether as part of the DJ Program or otherwise). It is entirely your responsibility to always be compliant in all manners of the DJ Program. Twitch DJs are not affiliated with the DJ program or run by Twitch staff.

**PLEASE NOTE:** ALL STAFF AND ADMIN of the server are *volunteers* with real-life and Twitch commitments as well. Please be respectful.

### **TWITCHDJS TRAIN SLOT POLICY**

DJs that have signed up for a raid train but can no longer do their selected slot time must ensure that they post in the train channel as soon as possible after they have removed themselves from the Raidpal slot. This is to let the admins and other djs know about the free slot and give them time to fill the slot and possibly make flyer adjustments before the train starts [If the train is about to start or has started then no flyer adjustments will be made HAVE FUN!!!

## **During Raid Trains!**

If, for any reason, you aren't sure about who you are raiding, just ask; someone will know! Please always check RAIDPAL to see who is next and when your slot is. Flyers are for promotion, and as lineups can change at short notice, the flyers may not be up to date. PLEASE USE RAIDPAL to check your slot time and who is after you. PLEASE arrive early to reduce anxiety for the current DJ playing. Make yourself known in the DJ before you channel chat. Communication is key.

## **TWITCH DJS STRIKE POLICY**

DJs who have signed up for a raid train are required to be online at their chosen time. *If, for any reason, you can no longer do your set, please communicate this in the discord at the earliest opportunity!*

Any DJ who does not show up without prior communication and a valid reason will be on strike! *(first strike)*

A second failure to show up for your set will result in a final warning and a strike *(second strike)*

A third failure will result in removal and a ban from the server and the trains! *(third strike)*

Strikes will also apply to poor behaviour on the server and on the trains! This will be determined by the Twitch DJs management team.

## TIER STRUCTURE

NEW TO THE SERVER DJS are not in a tier as such – usually, this is assigned after each train – by looking at screenshots of the viewer lists taken every hour of the train – you are not notified of your tier status – you will know if you are as you will receive direct message sign-ups (ALSO KNOWN AS PRIORITY SIGN UPS) for the next train. Tiers are different for each train. Some trains do not use a tiered process as they are small or new trains, and enough slots are available for all interested. Each tier have their invites sent out via direct message.

*If free slots are still available, then the link and code for the train are dropped into the channel for that train so that any person can take an empty slot. These leftover slots are the easiest way to get on trains as a new DJ; also, lurking and supporting the train you are interested in will help you access the first offer of slots the next time the train is run. Many trains are often full after direct messages sign ups are sent out – so they may not make it into the channel for anyone to take – some trains are very popular – for example, the house and trance trains.*

**PLEASE NOTE NEW TIER STRUCTURE:** for all trains except those listed under neath this paragraph

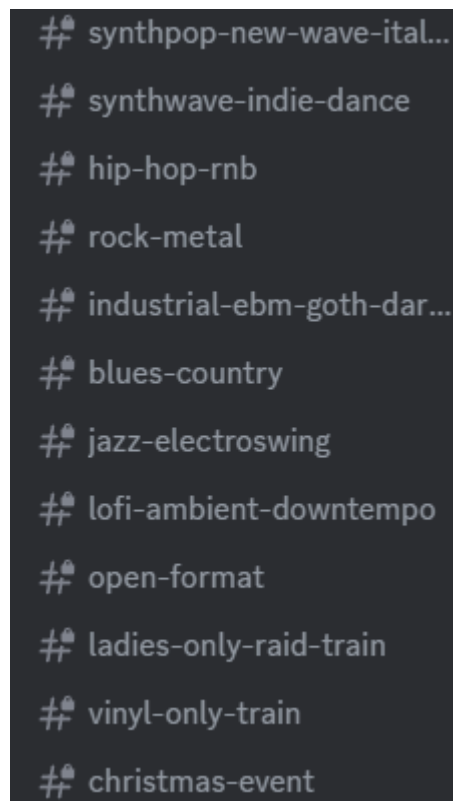

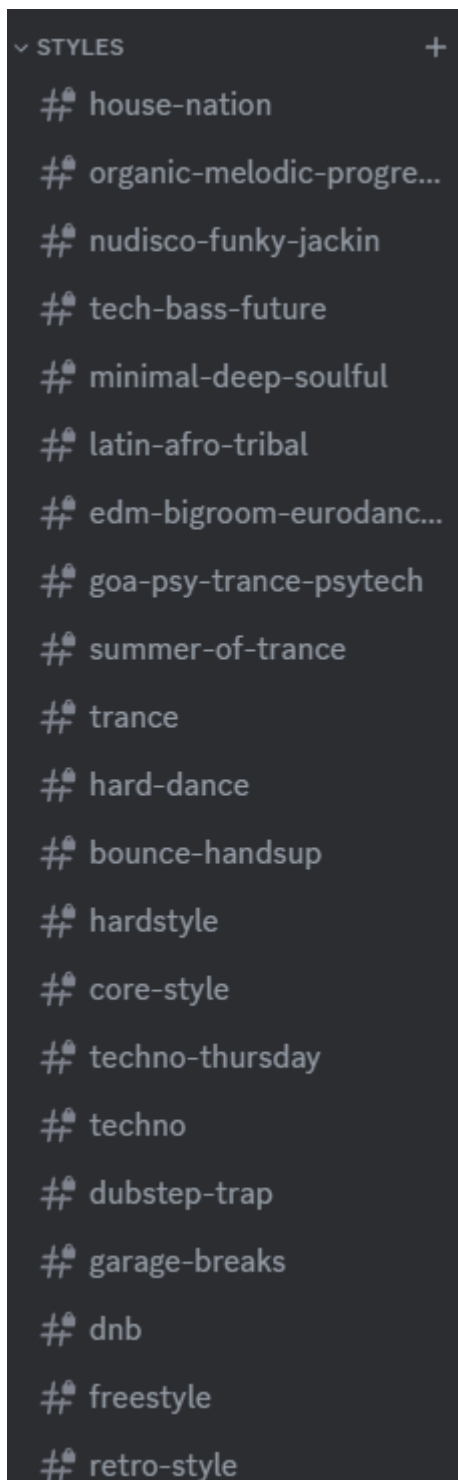

**It's now all based on your level of support for the trains you wish to play on.** Teir 1 is made up of 9 sections -1.0 , 1.1; 1.2 etc I will use House Nation for an example seeing that train is on now. Its a 90 slot train so its worked on half the train. Tier 1.0 is for those who are seen in the viewer list screenshots 45 or more times. 1.1 is 44 to 41. Tier 1.2 is 40 to 36 and that continues on down as such to 5. Obviously we cant make anyone do anything but the ball is totally in your own court as to where you end up fitting into the system. Thanks 😊

TRAINS **NOT** ON ANY TIER SYSTEM Latin Afro Tribal, Blues and Country, Freestyle, Hip Hop RNB, Industrial EBM Darkwave, Jazz and Electro Swing, Lofi Ambient Downtempo, Ladies Only, Vinyl only. Dubstep Trap, Synth Pop New Wave Italo Disco, Synth Wave Indie.

## Channel and Train Organisation

Each train covers specific genres, the description of the *genres* covered is in the RAIDPAL description of the train. It is suggested you follow the Twitch DJs team on RAIDPAL as well. <https://raidpal.com/en/team/twitch-djs>. When you introduce yourself in the #Introduce Yourself channel, please state which genres you play. The list of available trains/genres is also pinned to the Introduce Yourself channel. If you are ever unsure if a genre or sub-genre can be played on a train, please ask. At this point, no new trains or genres will be considered as we are at capacity, over 35 trains are being run.

See below for available trains

RAIDPAL is the app used to coordinate trains and provides you with your slot in your time – please remember to set your time zone when first using raid pal. You need to sign in to Raidpal with your Twitch account each time you use it. To claim a slot on Raidpal, you will need a CODE that is included with any direct message invites to a train in Discord; please note DO NOT SHARE CODES to others (without permission) or outside the server – this is to ensure fairness

and clarity and smooth running of the trains. If a train has open spare slots, then the Raidpal link and code will be posted on the relevant channel.

Each train has its own channel in Discord. This is where you find information regarding your train and who is currently playing, and you can also ask for help during the train. Flyers to help promote your train will also be posted and pinned to the train's channel.

LOGOS for trains are found pinned to the relevant train channel. Please use this logo and a Twitch DJs train title for your stream. The TDJ logo is only for TDJ team members. You can use the general Twitch DJs logo as well. *The stream title and the right train logo are the minimum requirements.*

You will be added to the genres/channels you wish to play as well as the general open to all channels. If you wish to play a genre that you do not currently have access to, just ask an admin/mod to add you.

### **TWITCH DJS ADMINISTRATION**

CO-OWNERS - TestedSilver (co owner) & djbasscrasher (co owner)

Please note that **djbasscrasher** is the owner responsible for running TwitchDJs and owns the official TwitchDJs team TDJs – this is the BOSS.

ADMINISTRATORS – help with the running of trains and team – **RED NAMES** in the discord – if you have any questions or concerns, this is who you can contact **Mat\_lock\_DJ, JSound\_001, jacinta\_wolf\_raven1, Andski, DjGamma1**

TRAIN CO-ORDINATORS – Discord **BLUE NAMES**– assist with running trains – they can help with general assistance about trains **DjGuske**

MOD – Discord MOD **ORANGE NAMES** – helps with the general running of the discord channel and may help with trains too **Beach2Dancing**

LIVE EVENT MANAGERS – Discord **YELLOW NAMES** – help manage Twitch DJs in real life events – **quiche, DeGen**

TDJs TEAM MEMBERS - **GREEN NAMES** – if you are a member of the official Twitch team TDJs

Twitch DJs – **PURPLE NAMES** – DJs on this server

Hip Hop Latin Tribal Co-ordinator – **Yellow**

EACH CHANNEL (GENRE) has its discord role as well

## USE OF THE KNOCK FEATURE

We have had several requests from team members who wish to use Twitch's new “knock” collaboration feature. All it does is join the 2 chats together and combine the total viewer numbers for the stream. It allows everyone on both streams to talk to each other and makes switching between the 2 streams easier. Twitch DJs are happy for any team members who wish to participate in shared streams, it is up to the individual.

Personal information: By agreeing to the Twitch DJs rules, you have given us consent to take screen shots of the viewer list in your streams on our trains only to collect information for the Tiers process so we can determined and record of only the DJs in this server for the priority sign up list for our next months trains. All screen shots are deleted immediately after the Tiers process has been completed. Thanks 😊

## Twitch DJs BOT

**At this present time the bot is unavailable, when it becomes available again we will let you know.**

**Welcome to Twitch DJs – enjoy your time, support others, and have fun spinning!**
